SOLICITOR'S REPORT

Well 3

Mr. Becker advised the Phase I test came back and there is a recommendation to conduct a Phase II test. The Phase II test would consist of testing some of the debris piles on the property. The proposal from ATC for the Phase II testing is \$4,500.00.

A motion was made by Jerry Hartman to authorize to proceed with the Phase II test at a cost of \$4,500.00. The motion was seconded by Karl Bolognese and hearing no question on the motion, it passed unanimously.

A motion was made by Dan Novakovich to authorize asking the seller for a 30 day extension to conduct the Phase II test. The motion was seconded by Jack May and hearing no questions on the motion, it passed unanimously.

Mr. Becker also asked for a brief executive session to discuss personnel.

ENGINEER'S REPORT

Giorgio Foods Inc.

Mr. Unger informed the Board that SDE reviewed the capacity and rate structure and sewer use fee to take the wastewater treatment plant from a nominal million gallons per day up to 1.3 million gallons per day. Giorgio is asking for 300,000 gallons per day as an annual average with the potential for more on any given day. The plant is not at full capacity and is currently running 575,000 gallons out of 800,000 gallons per day. The interceptor will not handle the additional flow from Giorgio and will need to be bigger.

Mr. Unger calculated and presented the Board with two ranges for the sewer use fee and the tap in fee per gallon. Mr. Unger stated Giorgio is on a schedule and it could take more time to complete this project than Giorgio has and the appropriate parties will need to speak to DEP as well to discuss some potential and existing issues before continuing with the project.

The Board authorized the appropriate personnel to meet with Giorgio and discuss the proposal.

Schaeffer Road Bridge

Ms. Stevens advised there was an update on the Schaeffer Road Bridge project. The first issue was the R-8 rock that was going to be dumped on top of the existing water line. The new proposal is to use R-4 rock gabion mats where the abutment spans the water line. The second issue was the new guide rail posts potentially puncturing the water line. The proposal is to structure the guide rail ribbon as more of a footer rather than stakes where the water line is.

AUTHORITY REPORT

Mr. Donovan had nothing further to add to his report.

TREASURER'S REPORT & PAYMENT OF BILLS

Karl Bolognese reported that everything appears to be in good standing and had nothing further to report.

A motion was made by Dan Novakovich to authorize the following payments: Routine/Regular Bill List - \$27,252.54, Construction in Progress - \$15,998.00, Reimbursable Expenses Paid by Developer – \$0.00, Payroll Transfer from Operator Acct - \$0.00, Validate Checks Signed Between Meetings - \$0.00, Special Checks Requiring Special Handling - \$5,994.96, Additional Checks after Board Book Delivery - \$8,080.83. Karl Bolognese seconded the motion and hearing no questions on the motion, it passed unanimously.

CORRESPONDENCE – None.

The Board went into an executive session from 6:53 p.m. to 7:55 p.m. to discuss personnel.

The following motions were made after executive session:

A motion was made by Karl Bolognese to approve the following changes to employee **wages and benefits effective July 29, 2017:**
