NEW BUSINESS

**Transfer of Funds for Upcoming Projects** – Mr. Donovan presented the Board with a spreadsheet showing figures for current and upcoming Authority projects. The column Mr. Donovan focused on was the cash the Authority will need by the end of this year to fund these projects. Mr. Donovan showed the Board how much was sitting in the Authority's CDs and what he proposed to do with them. Mr. Donovan proposes the Board authorize the financial advisors to advise Mr. Donovan on how to pull the necessary funds. The auditor would prefer the Authority get the advice from the financial advisors on how to pull these funds.

A motion was made by Jerry Hartman to make the appropriate transfers as required by Mr. Donovan and to use the financial advisors to decide which moneys from which accounts will be used and to guide the Authority through and when to take the money from the various accounts to fund future needs through December 2016. The motion was seconded by James Nothwehr and hearing no questions on the motion, it passed unanimously.

**Collection System Maintenance Bids** – Mr. Unger presented the Board with the bids for the 2016 Collection System Inspection Project. The bid tab came in as expected and Sewer Specialty Services Co., Inc. was the lowest bidder. Mr. Unger would like a notice of intent to award, a notice to award and a notice to proceed to go to Sewer Specialty Services Co., Inc. in the amount of \$84,840.00 based on a final review of the contracts.

A motion was made by Karl Bolognese to give a notice of intent, a notice to award and a notice to proceed to the apparent low bidder Sewer Specialty Services Co., Inc. for \$84,840.00 for the Collection System Maintenance Project. The motion was seconded by Jack May and hearing no questions on the motion, it passed unanimously.

**Health Care Cost Increase** – Diane Hollenbach advised the Board that the current health care plan the Authority and Township have with Capital Blue Cross has been eliminated because it is not Obamacare compliant. A substitute plan was presented that is compliant and the rates were raised 13%. The plan will have higher co-pays, but dental and vision for children 18 and under was added to the plan. Mrs. Hollenbach advised she could try to quote us to bring the premiums down, but not down to a zero deductible plan. The rate is now an age-based rate. The premium is based on how old everyone is. The premium can change month-to-month depending on hiring and firing which means the premium is not set in stone for the entire year.
